Dear Mrs Manley

I have arranged to play Cubans at Forbes Field Sunday Aug 31st. I was delayed in getting back. You can go ahead with advertisement in Newark. You can let me know about league games as it matters little to us where it might be beneficial to your clubs standing not to play us too many league games. I will do as you suggest. I keep thinking of our wonderful crowd in Detroit. It inspires me to go after the big cities we have never played in. Boston might be ripe for a great crowd with white sports writers & newspaper men in back of game as they were in Detroit.
